Forecast for Friday 08 Oct 2021

Weather: A rather cloudy start to Friday with the chance of some patchy light rain or drizzle, mainly confined across western peaks such as Snowdon. It will also be windy on summits. Cloud lifting and breaking from the south through the morning with all staying dry and sunny spells for the afternoon. Strong winds easing a little into the afternoon. Remaining dry and partly cloudy for the evening.

Chance of cloud free mountain/hill tops above 800m: 30% becoming 90% from late morning.

Visibility: Good or very good, becoming moderate or poor in any early drizzle, also very poor in hill fog with bases initially from 600m in west broken to extensive and in east scattered, before lifting and breaking through the morning.
